DATE: September 11, 2020

TO: St. John of God Retirement and Care Center (SJGRCC) Patients/Residents, Visitors, Staff and Vendors

FROM: Administration

SUBJECT: **Coronavirus Update**

Today's update is also available on our Facebook page and at www.stjogrcc.org/news/.

There are no positive resident or patient test results to report in any of the buildings on campus. No one on campus is showing any symptomology consistent with Covid-19. All campus buildings are free to admit new patients and residents. Our ongoing processes for monitoring patients and residents on campus continues, along with the screening of all who enter the campus.

September weekly testing was resumed on 9/9, with a total of 13 patients and 58 employees receiving tests. We are also beginning our annual influenza vaccination process which we should be able to complete for all on campus by the end of the month.

RCFE had its second Friday outdoor lunch today. This a scheduled event, socially distanced and available to a maximum of 20 residents. The maximum allowable 20 residents participated last week we had a total of 14 today. Residents have enjoyed this new offering and numbers were down this week only due to the compromised air quality as a result of the fires in the area.

Work is also underway to provide Care Center patients and their families an opportunity for "Window Visitation". This would be a scheduled visit where a limited number of visitors for a patient would be allowed on campus to visit their loved one, through the windowed area of Founders Hall on the first floor adjacent to the parking area in front of the Care Center. More will follow, along with the procedure for scheduling. We are tentatively looking to implement later this month.

Communication with the County to insure compliance with requirements and provide needed updates on our status is ongoing. We continue to have adequate levels of PPE and all staff are following infection control guidelines to protect those they interact with, and themselves.

Enjoy your holiday weekend and please stay safe and well.
