DATE: October 9, 2020

TO: St. John of God Retirement and Care Center (SJGRCC) Patients/Residents, Visitors, Staff and Vendors

FROM: Administration

SUBJECT: **Coronavirus Update**

Today's update is also available on our Facebook page and at www.stjogrcc.org/news/.

There are no positive resident or patient test results to report in any of the buildings on campus. No one on campus is showing any symptomology consistent with Covid-19 and all campus buildings are free to admit new patients and residents. Our processes for monitoring patients and residents on campus continues, as does screening of all who enter the campus.

Our 9/30 testing of 180 patients and staff produced 171 negative results, with 9 compromised samples that were unable to be tested. The 10/7 testing produced 194 samples and there are no results currently available.

As we have communicated over these recent months, our measures to protect patients, residents and staff have been very successful. Based on this success, we are re-instituting bible study and communion services later this month. RCFE is also looking to create an opportunity for scheduled outside visitation beginning in November. The process for visitation will be communicated by separate letter to families from Sabrina Tucker the RCFE Administrator.

As always, communication with the County to insure compliance with requirements and provide needed updates on our status is ongoing. We continue to have adequate levels of PPE and all staff are following infection control guidelines to protect those they interact with, and themselves.

Please stay safe and well.
