DATE: November 20, 2020

TO: St. John of God Retirement and Care Center (SJRCC) Patients/Residents, Visitors, Staff and Vendors

FROM: Administration

SUBJECT: **Coronavirus Update**

Today's update is also available on our Facebook page and at www.stjogrcc.org/news/.

There are no positive resident or patient test results to report in any of the buildings on campus. No one on campus is showing any symptomology consistent with Covid-19 and all campus buildings are free to admit new patients and residents. Our processes for monitoring patients and residents on campus continues, as does screening of all who enter the campus.

Testing on 11/11 produced 331 samples, consisting of all 124 patients, and 207 staff. We had 3 positive staff results and 2 untestable staff samples. Based on these results, we remained on heightened testing protocols for 11/18 where 328 samples were collected, consisting of 120 patients and 218 staff. 1 patient refused in this round, but is not symptomatic. We also tested all 35 Pampuri residents on 11/19 as a caution, given surge in the community.

As we have communicated over these recent months, our measures to protect patients, residents and staff have been very successful. Compassionate outdoor visitation for Care Center patients and RCFE residents is under development and the process will be communicated by separate letter from J. P Coscio the Care Center Administrator, J.P. Coscio and Sabrina Tucker, the RCFE Administrator, for their respective buildings. Any such visitation process is dependent on LACDPH guidance, based on the County infection rate, which continues to rise.

As always, communication with the County and State to insure compliance with requirements and provide needed updates on our status is ongoing. We continue to have adequate levels of PPE and all staff are following infection control guidelines to protect those they interact with, and themselves.

Please stay safe and well.
